

## Online In-Service/Continuing Education Providers

**In-Service Hours and Continuing Education** applicants must continue to comply with State and Federal law, including the in-service and continuing education hours (CNAs=48 hours every 2 years, HHAs = 24 hours every 2 years, and CHTs = 30 hours every 4 years). Twelve (12) online hours each year may be obtained through a Department approved provider. You must indicate on the application the number of in-service or continuing education hours you have accrued.

Below is a list of providers that offer courses in continuing education, which are approved by the California Department of Public Health, Training Program Review Unit. The individual providers should be contacted for information related to specific courses, course content, and fees.

**Note:** Online In-Service/Continuing Education Providers will be added as they become approved.
